Strategic business units

Collins Aerospace includes five strategic business units formed to meet customer needs while representing the best in innovation, technology and expertise. These divisions primarily serve customers across the commercial, regional and business aviation, defense and space sectors.

Advanced Structures

Based in Charlotte, North Carolina, Advanced Structures leverages leading material and manufacturing technologies to create landing systems, nacelle systems, flight controls, pilot controls and other highly engineered aerospace structures.

Avionics

Based in Cedar Rapids, Iowa, Avionics includes commercial and government avionics systems, cabin management and content systems, fire protection services, aircraft sensors, advanced analytics, comprehensive digital capabilities, predictive maintenance, secure network and hardware components, and one of the world's largest flight tracking and data platforms.

Interiors

Based in Winston-Salem, North Carolina, Interiors includes aircraft seating, interior systems, evacuation systems, galleys and galley inserts, lavatories, life rafts, lighting, veneers, potable water systems, de-icing products and cargo systems.

Mission Systems

Based in Cedar Rapids, Iowa, Mission Systems includes solutions for secure military communication, navigation and guidance, missile actuation, simulation, training and range instrumentation, strategic command and control, uncrewed aircraft systems, electronic warfare, ejection seats and propulsion, intelligence, surveillance and reconnaissance, and space solutions.

Power & Controls

Based in Windsor Locks, Connecticut, Power & Controls includes electric systems, engine controls, air management and airframe controls.

Who we are

From the smallest details to the highest pursuits, Collins Aerospace is dedicated to redefining aerospace.

With our customers, we relentlessly tackle the toughest challenges in our industry. And, every day, we imagine ways to make the skies and the spaces we touch smarter, safer and more amazing than ever.

Together, we chart new journeys and reunite families. We protect nations and save lives. And we explore the unknown.

We believe in the power of intelligence and partnership to guide our customers into the future.

The paths we pave together lead to limitless possibility. And the bonds we form propel us all higher again and again.

We are constant in our evolution.

We are connected to our customers – always.

We are compelling as we boldly step forward.

We are redefining aerospace.
