

Operations & Supply Chain

The **Operations & Supply Chain Leadership Development Program** is a cross-functional, accelerated growth opportunity for candidates who have the ability and passion to become strong and capable future leaders of Raytheon Technologies.

Forge valuable relationships

Our two-year program provides a challenging and rewarding experience via two tracks. The Early Career Track is for recent college graduates and the Experienced Professional Track is for those who have recently completed a master's degree and have a minimum of three years of work experience.

Learn leadership first-hand through mentorships and executive-level access and engagement.

Achieve vital knowledge and insight across our enterprise through rotations to multiple business areas.

Broaden future opportunity and mobility across business units along with access to the LDP alumni network.

Gain hands-on experience through capstone projects and strategic dialogues.

Participate in company-wide, cross-functional development sessions to ensure a broad base of experience in leadership competencies, networking and business strategy through exposure to our business units: Collins Aerospace, Pratt & Whitney, Raytheon Intelligence & Space, Raytheon Missiles & Defense, and Corporate.

PROGRAM LOCATIONS

"The Program affords participants the unique opportunity to develop a diverse set of skills across multiple facets of Operations, Supply Chain and Quality. During rotations in our business units & corporate office, participants establish an enterprise driven mindset that helps to solidify a strong foundation for a long, successful career."

Paolo Dal Cin
SVP, Operations &
Supply Chain

ROTATIONS

Pro forma combined annual revenue (2020)

Years of combined innovation and industry leadership

Annual company and customer funded research and development

Our values span the enterprise and drive our actions, behaviors and performance.

TRUST

We act with integrity and do the right thing.

RESPECT

We embrace diverse perspectives and treat others the way they want to be treated.

ACCOUNTABILITY

We honor our commitments, expect excellence and take pride in our work.

COLLABORATION

We share insights, learn together and act as a team.

INNOVATION

We experiment, design, build and transform with speed and agility.

An innovation powerhouse

Collins Aerospace

Aerostructures, avionics, interiors, mechanical systems, mission systems, and power and control systems.

Pratt & Whitney

Advanced aircraft engines and auxiliary power systems for commercial, military and business aircraft.

Raytheon Intelligence & Space

Advanced sensors, training, and cyber and software solutions for civil, military and commercial customers.

Raytheon Missiles & Defense

Advanced technologies, including air and missile defense systems, precision weapons, radars, and command and control systems.

Social impact

As a global industry leader, we have a responsibility to commit resources and talent to help meet the needs of our communities and to build a better future together.

Enabling lifelong learning: We believe that the future of aerospace and defense begins with shaping the next generation of purpose-driven innovators.

Honor those who serve: We are committed to supporting the men and women who keep us safe by investing in programs that prepare veterans for new careers.

Supporting communities: We are focused on the future through our strategic investments and skills-based volunteerism in critical community organizations that support basic human needs and promote diversity and inclusion.

Diversity & Inclusion

We are committed to ensuring all our employees and partners feel respected, valued and supported. Embracing diversity in all its forms not only pushes the limits of known science and delivers stronger business results, but also becomes a force for good, creating greater opportunity for communities around the world.
