A. INTRODUCTION

UTC respects the legitimate privacy interests of the people from whom it Processes Personal Information, such as its directors, officers, employees, contractors, customers, suppliers, and vendors.

UTC has adopted Binding Corporate Rules (“BCRs”) for the Personal Information that it Processes about Individuals. UTC Fire & Security EMEA BVBA (“UTC F&S”)1 is the Lead Affiliate and, in coordination with the UTC Corporate Office (the U.S. headquarters), has responsibility for remedying breaches of the BCRs.

Exhibit A provides definitions for terms and acronyms used in these BCRs.

UTC transfers Personal Information including human resources information (employees and leased labor); business contact information for business customers, suppliers, vendors, sales representatives, and other business partners; information from consumers of UTC products, generally warranty information and limited information, such as name and address, on consumers who have a service contract with an Operating Business; information on visitors and non-employee sales representatives and distributors; and information collected on the use of Otis and CCS products and services by users of those products and services. Personal Information is transferred within UTC depending on the products and services provided and the support required for particular services or projects. The bulk of Personal Information is transferred to the UTC Corporate Office, located in the U.S.

B. APPLICABILITY

1. These BCRs are mandatory for UTC’s Corporate Office and the Operating Businesses that have executed the Intra-Group Agreement. These entities shall ensure that their Personnel comply with these BCRs when Processing an Individual’s Personal Information. UTC will establish clear and consistent controls across the enterprise to ensure compliance with the BCRs.

2. At a minimum, UTC will comply with all laws and regulations related to the protection of Personal Information applicable to it worldwide. Provisions of local laws, regulations, and other restrictions applicable to UTC that impose a higher level of data protection shall have precedence over the BCRs. If applicable law conflicts with these BCRs in that it might prevent UTC’s Corporate Office or one or more Operating Businesses from fulfilling their obligations under the BCRs and has a substantial effect on the guarantees provided therein, the entity concerned shall promptly notify the UTC Associate General Counsel, Data Privacy and Security (“AGC DPS”), except where providing such information is prohibited by a law enforcement authority or law. The UTC AGC DPS, in cooperation with the Privacy Advisory Committee and the entity and Business Units

concerned, shall determine the appropriate course of action and, in case of doubt, consult with the competent data protection authority.

3. These BCRs also apply to Operating Businesses and to the Corporate Office when they Process an Individual’s Personal Information on behalf of other UTC entities. The Processing entities must be bound by the Internal Processing Clauses set out in Exhibit B to these BCRs.

4. In case of a conflict between these BCRs and Corporate Policy Manual Section 24, these BCRs prevail for Personal Information originating directly or indirectly from the European Economic Area or Switzerland.

C. SCOPE

These BCRs govern the Processing by UTC of Personal Information of Individuals wherever located, except that (i) the requirement to obtain explicit consent for Sensitive Personal Information, (ii) the provisions contained in Section D.6, paragraphs 1 through 6 regarding the enforcement rights of individuals and guarantees, (iii) Section B.4 relating to discrepancies between the BCRs and Corporate Manual Section 24, (iv) the requirements of D.1(d); and (v) the part of Section D.1(f) relating to sharing of data with law enforcement and regulatory authorities, shall only apply to Personal Information originating directly or indirectly from the European Economic Area, the United Kingdom or Switzerland.
