

Q-LEAD PROGRAM

QUALITY LEADERSHIP & ENGINEERING ACCELERATED DEVELOPMENT (Q-LEAD)

The Q-LEAD Program at Collins Aerospace provides participants with unique opportunities to gain hands-on quality engineering experience in various disciplines throughout the company. Selected participants will be exposed to a broad range of quality focused disciplines and will receive direct coaching and mentoring. Upon completion of the program, participants will have the knowledge, experience and leadership capabilities to become future leaders and make a positive impact at Collins Aerospace.

What opportunities are available in Q-LEAD?

You'll jump-start your career and experience with different locations, divisions, and quality roles as part of three rotations in just two years! You'll build a wide-reaching professional network with exposure and visibility among top quality executives.

Rotations include:

- Operations QE
- Quality Clinic QE
- Compliance/Regulatory QE
- Supplier QE
- ACE/CI QE
- Customer/Program QE

AS A Q-LEAD PARTICIPANT, YOU WILL:

- Learn through training conducted by Collins subject matter experts
- Gain industry knowledge on AS9100, an aerospace industry standard
- Partner with cross-functional teams on high-impact Quality projects such as Zero Defect Plan™ (ZDP™) and Cost of Poor Quality (COPQ) reduction
- Implement and incorporate Achieving Competitive Excellence (ACE), UTC's method of doing business
- Lead Quality Clinics, Manufacturing Process Reviews (MPR), and Process Failure Mode Effects Analysis (PFMEAs)
- Explore first-hand opportunities with operations and suppliers to improve quality, cost, delivery, and productivity.
